

LOCTITE EQ MX Mobile Mixer

Portable Mixer for Protective Coating
and Repair Solutions

The Challenges:

Mixing large volumes of wear resistant coatings, crusher backing, concrete repair, and machinery grouts on site can be a challenge. The process is often messy, time-consuming, and cumbersome.

The LOCTITE Solution:

Mixing wear and abrasion resistant coatings has never been easier with the new LOCTITE EQ MX Mobile Mixer. This new portable mixer allows for mixing of heavy bodied ceramic beaded polymer composites, urethanes and cementitious grout and floor repair products for frequent, larger pours and applications

- Faster / easier mixing method
- Compact and easy to use
- Excellent performance
- Robust and sturdy design for even the most rugged environments
- Easy to assemble
- Can be used to mix various LOCTITE products offered in 5-gallon, 3-gallon and 2-gallon metal or plastic pails
